

Where

# INNOVATION meets VERSATILITY

## PHOTO-REJUVENATION

Treat benign pigmented lesions and benign cutaneous vascular lesions.

## ACNE TREATMENT

Treat acne vulgaris.

## HAIR REMOVAL

Remove unwanted hair.

## SKIN RESURFACING

Resurface the skin to address a wide range of skin texture irregularities.

## WRINKLE REDUCTION

Diminish signs of aging, addressing skin laxity concerns.

## BODY CONTOURING

Temporarily reduce cellulite\*\* and circumference\*\*, as well as tighten loose skin\*\*.

\*VENUS Versa™ Pro is indicated for the treatment of benign pigmented epidermal and cutaneous lesions, and the treatment of benign cutaneous vascular lesions. Treatment of benign pigmented epidermal and cutaneous lesions, including dyschromia, hyperpigmentation, melasma, ephelides (freckles), lentigines, nevi, and cafe-au-lait macules. Treatment of benign cutaneous vascular lesions, including port wine stains, hemangiomas, facial, truncal, and leg telangiectasias, rosacea, erythema of rosacea, angiomas and spider angiomas, poikiloderma of Civatte, leg veins and venous malformations.

\*\*Temporary body contouring via skin tightening, circumferential reduction, and cellulite reduction are approved indications outside of the U.S. In the U.S., VENUS Versa™ Pro is cleared for the treatment of moderate to severe facial wrinkles and rhytides in females with Fitzpatrick skin types I-IV.

Revive, Renew, Radiate:  
**TRIPLE REJUVENATION**

Experience total skin rejuvenation in one highly advanced treatment. The exclusive synergy of **three** powerful modes of action **enhances skin tone, improves tightness, and smooths texture** – only with VENUS Versa™ Pro.

**PHOTO-REJUVENATION**  
SR515 & SR580

Treat benign pigmented lesions and benign cutaneous vascular lesions with SmartPulse™ technology.

**ANTI-AGING**  
DIAMONDPOLAR™

Reduce wrinkles and skin laxity\* with homogeneous heat to collagen and fibroblast production.

**SKIN RESURFACING**  
VIVA™ MD

Improve texture and other skin irregularities with the patented tip and SmartScan™ technology.

\*In the U.S., VENUS Versa™ Pro is cleared for the treatment of moderate to severe facial wrinkles and rhytides in females with Fitzpatrick skin types I-IV.

# TRIBELLA™ Treatment Protocol

TriBella™ uses the three applicators in a certain order, with 10 minutes of delay between individual treatments:

- **SR515 / SR580** Photo-rejuvenation
- **DiamondPolar™** Anti-aging
- **VIVA™ MD** Skin Resurfacing

**DURATION:** Approximately 1.5 hours

**NUMBER OF TREATMENTS:** Three

**FREQUENCY:** Every 4-5 weeks

Best results visible approximately three months after the third treatment series. For maintenance, one treatment series every six months is ideal.
